

UNIVERSITY OF PENNSYLVANIA - PERELMAN SCHOOL OF MEDICINE
Curriculum Vitae

May 2018

Christopher J. Long, M.D.

Office Address: Division of Urology
Children's Hospital of Philadelphia
34th Street & Civic Center Boulevard
3rd Floor, Wood Pavilion
Philadelphia, PA 19104

Citizenship: U.S.A.

Education:

09/97-05/01 B.A. University of Pennsylvania (Biology)
09/02-05/06 M.D. University of Medicine & Dentistry of New Jersey, New
Jersey Medical School, Newark, NJ

Postgraduate Training and Fellowship Appointments:

06/06-07/07 Internship in General Surgery, Temple University Hospital,
Philadelphia, PA
07/07-07/08 Residency in General Surgery, Temple University Hospital,
Philadelphia, PA
07/08-06/12 Residency in Urology, Temple University Hospital, Philadelphia, PA
07/12-12/14 Fellowship in Pediatric Urology, Children's Hospital of Philadelphia,
Philadelphia, PA

Military Service: None

Faculty Appointments:

1/1/2015 Assistant Professor of Urology in Surgery, Division of Pediatric
Urology

Hospital and Administrative Appointments:

01/15-present Attending Urologist, Children's Hospital of Philadelphia,
Philadelphia, PA

Other Appointments:

None

Specialty Certification:

01/01/15-present American Board of Urology
2008-present DEA Registration (FL0924490)
2007-present NPI Number: 1841447695

Licensure:

06/10/08-present Pennsylvania

8/27/2015-present New Jersey

Awards, Honors and Membership in Honorary Societies:

Mar. 2008	Third Place, Resident Prize Essay Competition, Philadelphia Urological Society (for “Percutaneous vs. Surgical Cryoablation of the Small Renal Mass: Is Efficacy Compromised?”)
July 2012	Urologic Care Foundation (formerly AUA Foundation) Research Scholar Program, CHOP (“Calcineurin and NFAT Modulate CTGF Following Partial Bladder Outlet Obstruction and Offer Potential Therapeutic Targets”)
Oct. 2014	Basic Science Prize, Society for Pediatric Urology Fall Congress, Miami, FL (for “Treatment of Socially Stressed Mice with Cyclosporine A Prevents Voiding Dysfunction in Spite of CRG mRNA Upregulation in Barrington’s Nucleus”)
2014	NIH loan repayment program

Memberships in Professional and Scientific Societies: (Include offices held.)

National/International Societies:

2007-present	American Urological Association
2012-present	Society for Pediatric Urology (candidate member)
2017-present	International Hypospadias Society (Board member, executive committee)
2017-present	International Society of Hypospadias and DSD (Board member, executive committee)

Local/Regional Societies:

2006-present	Pennsylvania State Medical Society
2010-2012	Mid-Atlantic AUA Residents Committee

Scientific Committees:

None

Editorial Positions:

Reviewer:

2015-present	Journal of Pediatric Urology
2016-present	Journal of Urology
2018-present	British Journal of Urology International

Academic Committees at the University of Pennsylvania and Affiliated Hospitals:

2014-present	Member, Operative and Invasive/Non-Invasive Procedure Committee, Children’s Hospital of Philadelphia
--------------	--

2016 CHOP quality improvement project in hypospadias looking at the utilization of the 2 stage repair in proximal hypospadias and pre-operative testosterone administration in patients with a small glans with prior to surgical repair.

Major Teaching and Clinical Responsibilities at the University of Pennsylvania and Affiliated Hospitals:

07/12-present Customary teaching and clinical responsibilities for urology fellow, including surgical treatment of patients on an inpatient and outpatient basis and teaching of medical students and residents in the OR, on patient rounds and in the outpatient clinic

02/13 “Renal Dysgenesis and Cystic Disease of the Kidney.” Campbell’s Club lecture for PENN Urology residents, Penn Medicine

05/13 “Anomalies and Surgery of the Ureter in Children.” Campbell’s Club lecture for PENN Urology residents, Penn Medicine

09/13 “Prune Belly Syndrome.” Campbell’s Club lecture for PENN Urology residents, Penn Medicine

10/13 “Bladder Anomalies in Children.” Campbell’s Club lecture for PENN Urology residents, Penn Medicine

01/14 “Neuropathic and Non-Neuropathic Dysfunction of the Lower Urinary Tract in Children.” Campbell’s Club lecture for PENN Urology residents, Penn Medicine

02/14 “Hypospadias.” Campbell’s Club lecture for PENN Urology residents, Penn Medicine

04/14 “Pediatric Urologic Oncology.” Campbell’s Club lecture for PENN Urology residents, Penn Medicine

05/14 “Surgical Management of Pediatric Stone Disease.” Campbell’s Club lecture for PENN Urology residents, Penn Medicine

09/14 “Renal Functional Development and Diseases in Children.” Campbell’s Club lecture for PENN Urology residents, Penn Medicine

11/14 “Perinatal Urology.” Campbell’s Club lecture for PENN Urology residents, Penn Medicine

8/15 “Pediatric Urologic Oncology.” Grand rounds for Albert Einstein residents, Philadelphia PA

1/16 “Neurogenic bladder.” Campbell’s Club lecture for PENN Urology residents, Penn Medicine

5/16 “Pediatric Urologic Oncology.” Basic concepts in Urology lecture series for Philadelphia Urology residents

2/17 “Anomalies of the Upper Tract.” Campbell’s Club lecture for PENN Urology residents, Penn Medicine

11/17 “Review of pediatric urology.” Resident review for in-service examination.

12/17 “Neurogenic and Non-Neurogenic Voiding dysfunction.” Campbell’s Club lecture for PENN Urology residents, Penn Medicine

Lectures by Invitation: (past 5 years)

Mar. 2010 “Partial Nephrectomy for Renal Masses Greater than 7cm is Technically Feasible, Oncologically Sound, and Preserves Renal

- Function.” Philadelphia Urologic Society Resident Competition, Philadelphia, PA (presented by Dr. Long; co-authors Kutikov A, Canter DJ, Egleston BL, Chen DT, Viterbo R, Boorjian S, Uzzo R)
- May 2012 “Partial Nephrectomy for Renal Masses Greater than 7cm is Technically Feasible, Oncologically Sound, and Preserves Renal Function.” American Urological Association Annual Meeting, Atlanta, GA (presented by Dr. Long; co-authors Canter DJ, Cronson BA, Kutikov A, Li T, Viterbo R, Chen D, Greenberg RE, Uzzo RG)
- Feb. 2013 “Social Stress Impact on Bladder Structure and the Role of CTGF in Bladder Remodeling.” CHOP Urology Visiting Professorship CME event, Philadelphia, PA
- Apr. 2013 “Nuclear Factor of Activated T-cells (NFAT) c4 Gene Deletion Confers Resistance to Social Stress Induced Voiding Dysfunction.” European Society for Pediatric Urology, Genoa, Italy (presented by Dr. Long; co-authors Frank C, Butler S, Canning D, Valentino R, Zderic SA)
- May 2013 “Nuclear Factor of Activated T-cells (NFAT) c4 Gene Deletion Confers Resistance to Social Stress Induced Voiding Dysfunction.” American Urological Association Annual Meeting, San Diego, CA (presented by Dr. Long; co-authors Frank C, Butler S, Canning D, Valentino R, Zderic SA)
- Sep. 2013 “Once a Normal Bladder, Always a Normal Bladder: Bladder Capacity Response to Cycling Post-Transplant.” Society for Fetal Urology at the Pediatric Urology Fall Congress, Las Vegas, NV (presented by Dr. Long; co-authors Weiss DA, Canning DA)
- Sep. 2013 “Urinary Tract Infection after Ureteroscopy: Can We Identify Those Patients at Risk for Infection?” Society for Fetal Urology at the Pediatric Urology Fall Congress, Las Vegas, NV (presented by Dr. Long; co-authors Pulido JE, Weiss DA, Tasian GE, Kalmus A, Srinivasan AK, Shukla AR)
- Sep. 2013 “Narcotic Rescue Is Not Required Post-Operatively in Children ≤1 Year of Age after Penile Surgery with Regional Block: A Prospective Study.” Society for Fetal Urology at the Pediatric Urology Fall Congress, Las Vegas, NV (presented by Dr. Long; co-authors Weiss DA, Canning DA, Carr MC)
- Oct. 2014 “Pediatric Calyceal Diverticulum Treatment: Our Experience with Endoscopic and Laparoscopic Approaches.” Society for Pediatric Urology Fall Congress, Miami, FL (presented by Dr. Long; co-authors Weiss DA, Srinivasan AK, Shukla AR)
- Feb. 2015 “A Rat Model Comparing Laparoscopic Versus Open Surgery and its Impact Upon the Stress Response.” CHOP Urology Visiting Professorship CME event, Philadelphia, PA
- May 2015 “Are all Pediatric Grade 4 Renal Traumas the Same?” American Urological Association Annual Meeting, New Orleans, LA (presented by Dr. Long; co-authors Weiss DA, Shukla AR, Srinivasan AK)
- Aug. 2015 “Pediatric Urologic Oncology.” Albert Einstein Grand Rounds, Philadelphia, PA
- Nov. 2015 “Circumcision: Timing, Guidelines, and Controversies.” Pediatrics Grand Rounds, Reading Hospital.

- Oct. 2015 “Predicting the Need for Passive Ureteral Dilation Prior to Ureteroscopic Stone Removal.” Congress of the European Society for Pediatric Urology, Prague Czech Republic.
- Feb. 2016 “Proximal Hypospadias Repair: What Should we Really be Telling our Patients?” CHOP Urology Visiting Professorship CME event, Philadelphia, PA
- Mar. 2016 “Utilization of pre-operative testosterone in hypospadias surgery.” Urologic section of the Hendren Project, online webinar
- May 2016 “Pediatric Urologic Oncology.” Basic concepts in urology lecture series, Philadelphia, PA
- May 2016 “Intermediate term follow up of proximal hypospadias repair reveals high complication rates.” Society for Pediatric Urology, AUA annual meeting, San Diego, CA
- May 2016 “Characterization of the hypospadias phenotype.” The Hendren Project, current controversies in reconstructive pediatric urology. International online webinar.
- Jun. 2016 “Urological considerations in the pediatric patient.” CME CHOP Talks CHOP Primary care, Gibbsboro, NJ
- Jun. 2016 “Urological considerations in the pediatric patient.” CME CHOP Talks Advocare West Deptford Pediatrics, Deptford, NJ
- Nov. 2016 “Urological considerations in the neonate.” Grand Rounds, Virtua Voorhees, Voorhees, NJ
- Nov. 2016 Moderator, “Neurogenic bladder.” Duckett Festschrift, Philadelphia PA
- Nov. 2016 Moderator, “Hypospadias.” Duckett Festschrift, Philadelphia PA
- May 2017 “Urologic considerations in the pediatric patient.” CME CHOP Talks, Mount Laurel Pediatrics, Marlton NJ
- May 2017 “Questions in hypospadias treatment: Correction of penile curvature.” The Hendren Project, current controversies in reconstructive pediatric urology. International online webinar
- May 2017 “Urologic challenges in the newborn and pediatric patient.” Grand Rounds at Our Lady of Lourdes Medical Center, Camden, NJ
- May 2017 “Urologic considerations in the pediatric patient.” CHOP Talks: Surgical aspects of patient care for the primary provider, Philadelphia, PA
- Jun. 2017 “Urologic challenges in the pediatric patient.” Grand Rounds at Atlanticare Hospital, Pomona, NJ
- Sep. 2017 “Management of Chordee: How we do it.” Hypospadias World Congress, Moscow, Russia
- Sep. 2017 “Current management of distal hypospadias in the USA.” Hypospadias World Congress, Moscow, Russia
- Sep. 2017 “Proximal hypospadias: meeting the promise to our patients.” Hypospadias World Congress, Moscow, Russia
- Nov. 2017 “Questions in hypospadias treatment: Re-do hypospadias.” The Hendren Project, current controversies in reconstructive pediatric urology. International online webinar.
- Apr. 2018 “The Neuropathic Bladder and Myelomeningocele.” CHOP seminar in pediatric urology. Open Medical institute, Salzburg Austria
- Apr. 2018 “Management of Bladder and Cloacal Exstrophy.” CHOP seminar in pediatric urology. Open Medical institute, Salzburg Austria

Apr. 2018	“Management of the Wet Child.” CHOP seminar in pediatric urology. Open Medical institute, Salzburg Austria
Apr. 2018	“Posterior Urethral Valves.” CHOP seminar in pediatric urology. Open Medical institute, Salzburg Austria
Apr. 2018	“Prune Belly Syndrome.” CHOP seminar in pediatric urology. Open Medical institute, Salzburg Austria
Apr. 2018	“How to present a clinical case.” CHOP seminar in pediatric urology. Open Medical institute, Salzburg Austria
May 2018	“Common pediatric urologic issues.” CHOP talks, CHOP care network, South Philadelphia location, Philadelphia, PA
May 2018	“Pediatric urologic concerns for the Pediatrician.” CHOP podcast
May 2018	“Utilization of the single stage repair for proximal hypospadias is more likely to result in the generation of the hypospadias cripple.” Society for pediatric urology, annual AUA meeting. San Francisco, CA.

Organizing Roles in Scientific Meetings:

Nov. 2016	Duckett Festschrift, Philadelphia, PA
Mar. 2017	The Hendren project, current controversies in reconstructive pediatric urology. International online webinar
May 2017	The Hendren project, current controversies in reconstructive pediatric urology. International online webinar
Sep. 2017	Hypospadias World Congress, Moscow, Russia
Nov. 2017	The Hendren project, current controversies in reconstructive pediatric urology. International online webinar
Oct. 2018	Hypospadias World Congress, Frankfurt, Germany
